

**July 9, 2013. 7:15 p.m.**

**Board of Selectmen Meeting Minutes - Town Hall, 116 Main Road**

Present: Peter Curtin, Christopher Johnson, Leslie Beebe and Molly Curtin-Schaefer.

Previous minutes were approved and signed. The mail was read. The Treasury warrants were approved.

The Highway Committee letter was approved with no changes. Postage needs to be purchased for this letter to be mailed. Tim Taylor to print labels. Peter Curtin and Christopher Johnson approved, no opposition.

Roger Ketron requested that a small antenna (cell phone booster) be installed on the top of the School House. The antenna is approx.. 3 feet long and ¾ inches thick. The Board approved this small antenna, however, due to liability issues Roger will not be allowed on the roof. We will discuss this with him. Peter Curtin and Christopher Johnson approved, no opposition.

**LAKESIDE DRIVE:**

Joe Janis was in to update the Board on the maintenance of Lakeside Drive at Goose Pond. Joe Hearn & Jan Brett will not allow the Town to use any of their property to put an acceptable turn-a-round at the end of Lakeside Drive. This is a problem as we need the area to turn emergency vehicles around. Joe wants to know if a smaller the turn-around is acceptable. It was also discussed about going past the Hearn/Brett property down the steep hill and possibly finding an area to make the turn-a-round there. Peter pointed out that was very steep and the Town cannot lose a truck for the night during a storm in that area. Les will look over the area again and report back to the Board.

**HIGHWAY DEPT:**

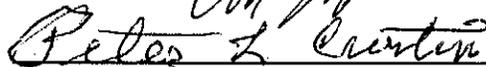

The excavator will be put out to bid. There is NO legal state contract that covers small excavators. We will notify the Equipment Committee of this bid. The tree bids were sent out today.

Meeting Adjourned 8:10 p.m.

Christopher Johnson, Chairman

Peter Curtin, Clerk

Gerard Miller, Member

ABSENT
