

Tyringham Conservation Commission

Town Hall, 116 Main Road, Tyringham 7:00 PM

July 9, 2015

In Attendance: Matt Puntin, Bill Dillof, Mike McCauley, Christina Alsop, Peter Shaffer, Mimi Crandall, Richard Loring

- 1) Peter Shaffer – had questions for Matt Puntin concerning the Cooper Creek Homeowner's Association Agreement with the town. Mimi will send the new version of the agreement to the Selectmen and Noah for review. And she can retype the document as it is on her computer. Peter Shaffer also wanted to talk with the Conservation Commission concerning drainage on Cooper Creek Road. Matt will go walk the area with Peter.
- 2) Christina Alsop – There is a culvert running across Main Road and draining onto her pasture. She would like to dig a drainage ditch to conduct the water to the existing stream. She is classified as a farm. Matt will meet with her to look at the area and determine if she has to file.
- 3) RDA – Greenthal, 129 B Main Road – Richard Loring was present to represent the owners. There is an existing footing drain that has clogged or is broken. The area is 8-10 ft. from Hop Brook. Matt had done a site visit. It was a unanimous vote for a Negative 2 Determination. The work described in the Request is within the Buffer Zone but will not remove, fill, dredge, or alter the area. There were no conditions.

Meeting Adjourned

Respectfully Submitted,
Mimi Crandall, Clerk
