Discuss the Building Permit process with Larry Gould, Building Inspector. Larry explained his role from the initial request for a permit, to the final inspection of the project. He agreed to include the BOA as recipients of copies of permits as well as Certificates of Occupancy. He will also inform the Board when he completes a final inspection, and will add a note to the Building Permit informing homeowners that the Assessors' representative will visit their property at a future date. The Building Inspector considers a permit as expired, if there has been no start to the project within 180 days. When this is found to be true, a new permit is required.

Meeting adjourned: 5:30 pm
