### PUBLIC COMMENT:

Valley Rolloff Dumpster Service sent notice that the single stream/bottle & can disposal will increase \$10.00 per ton. This is due to the extremely volatile market.

James Curtin asked why the Fire Company does not have to get permits to hold functions. He stated if others do the Fire Company should also. The Board agreed.

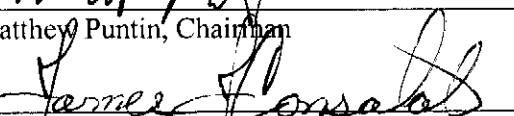

**51 COOPER CREEK ROAD:** This item will be placed on the next agenda.

**LAKESIDE DRIVE BEACH TESTING:** The deed was reviewed and this beach property is deeded to the Lakeside Drive Association. The semi-public bathing beach on Lakeside Drive falls under 105CMR 445.000 Minimum Standards for bathing beaches (state sanitary code, Chapter VII) this states that semi-private beaches test the water and submit the reports to the board of Health thru the season. Matthew Puntin made a motion to give the Association 30 days to comply with this law and Michael Curtin, seconded, no opposition. Letter to be sent.

**POSITIVE MOSQUITO SAMPLE:** The Town was notified of a positive West Nile virus activity in the trap on Breakneck Road. The WNV will be treated by Berkshire County Mosquito Control.
