

Board of Health Minutes

3/8/2022

Present: Jim Consolati, Matthew Puntin, Michael Curtin, Laura Lee Bertram

Public Present: John Drake, Charles Slater, Jr.

Matthew Puntin opened the meeting at 6:00pm

1. No mail to be reviewed. Minutes from previous meeting approved.
2. No public comment.
3. Nick Felix inquired on opening a commercial kitchen at 8 Webster Road, Cobble Mountain Farm where he has a special permit to hold events. The Board would like to confirm with the Planning Board Special permit what the details are for the granted special permit. Also, another business requested a commercial kitchen installation in the past and the BOH had the applicant pay for Jim Willis to do a study and compile a checklist of what would be required to meet current commercial kitchen requirements. The BOH would like to follow the same process. The BOH is going to carry this over to an April meeting to allow them time to review Felix's special permit and the prior commercial kitchen application.

Meeting adjourned at 6:05pm
