

Town of Tyringham  
Planning Board Meeting  
7:00 PM April 18, 2018  
Town Hall, Tyringham, MA 01264

**In Attendance:** Christina Alsop, Mark Curtin, Rebecca Honig, Peter Salinetti, April Roche

**Public in Attendance:** Ellie Slater,

**Minutes** Approved from April 4, 2018

**ANRs, Curtesy Notices, Mail:**

We received notice that the bridge replacement over Hop Brook on Monterey Rd. will be entirely covered by Mass DOT.

Monterey has approved construction within 75 ft of the Brook assuming they satisfy the conservation commission.

Beckett Planning Board is having a public hearing in regards to the request for a special permit to operate a recreational marijuana cultivation facility.

**Old Business:**

We continued working on our town plan. We digitized the survey from the 1990's and began reviewing and editing the questions included in that plan for possible inclusion for our town survey.

\*See Town Plan Survey Working Draft for our Town survey notes.

**New Business**

Tom Ryan of the DCR reached out on behalf of a logger who is currently planning to log off George Cannon road with the following question:

"I have an old document, 'Massachusetts Towns That Have Passed Special bylaws Concerning Logging and Log Trucking Operations.' It lists towns with logging bylaws.

It says, regarding Tyringham, 'Operators must receive a permit from the Planning Board to cross town roads with logging equipment. A performance bond must be posted.'

We are not aware of this bylaw and cannot find it in our books but will do research to see if it is still an active bylaw. It has not come up in recent history. We plan to refer them to Noah of the highway department.

He can also refer to bylaw 6.6 which references curb cutting.

**Adjourning: 8:45**

Our next meeting will be May 2, 2018

**Respectfully submitted,** Rebecca Honig
