The Board of Selectmen formed a re-use committee for this building called the School House Advisory Committee. This committee is to report to the Selectmen. After a re-use is settled on the rehab of this school house can begin.

The Historical Commission moved some artifacts from the library to the school house when the library roof was being repaired. The Selectmen approved paying for heat at the school (55 degrees) due to storage of the artifacts.

James Consolati made a motion to have Noah Choquette use his judgement on keeping a path to the door and a plowed area to the gas tank for deliveries. He further stated this building is for storage only at this point and all meetings are to be held at the Town Hall offices. Michael Curtin, seconded, no opposition.
