

BOARD OF HEALTH MEETING

Tuesday, August 13, 2019. 7:00 pm

Board members present: Matthew Puntin, & Michael Curtin
In attendance – Noah Choquette and Molly Curtin-Schaefer.

Previous minutes were approved.

Mail reviewed was: water test for 123 Main Rd., O & M form for Title 5 I/A Treatment and Disposal System at 14 Stonebridge Ways and septic pumping reports.

Public Comment: Molly Curtin-Schaefer reported the Town Pool is still closed as the brook that feeds the pond has dried up, therefore no water is running into the pond. The e-coli count is too high for safe swimming.

TRAPPING: Michael Curtin made a motion to approve a 10-day trapping permit with an extension of 10 days as necessary- for Main Road near Beach Road. (Molly and Noah to file the paperwork and obtain permission from the land owner.) Matthew Puntin seconded, no opposition.

RAMBUSCH, 207 MAIN ROAD: A failed T-5 report was submitted. A perc test was performed and the perc test passed. A new septic design will be submitted to the board in the future.

Meeting closed 7:07 pm.

Matthew Puntin, Chairman

ABSENT

James Consolati, Clerk

Michael Curtin, Member
