Public Comment: None

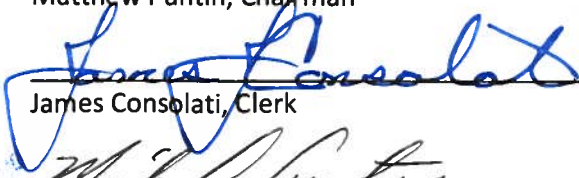

Matt Puntin introduced Chris Lapidus on the phone, who is looking to make improvements to the property at 63B Goose Pond Rd. There is an approved septic plan from 2005-2006 that was never installed. The homeowner is looking to begin this project soon and wanted to inquire with the Board regarding any additional information that may be needed or required. There was a discussion about how the technology for the proposed system was just installed at another neighboring property. Matt asked Chris to send an updated plan to him a day or two in advance of a meeting.

No COVID 19 updates

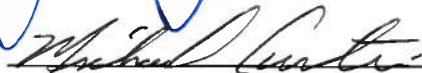

Matt adjourned the meeting at 7:17pm
