The Town of Tyringham Police Department would like to alert the members of our community that they offer a Prescription Drug and Pet Med take back as well as syringes.

What you need to know:

- Syringes need to be in approved containers, such as a SHARPS container. A sharps container is a single-use container that is filled with used medical needles and then disposed of safely. These can be purchased at pharmacies, medical supply stores or ordered through the mail. If you do not have access to a sharps container, place sharps in a puncture resistant container such as a rigid plastic bottle (laundry soap bottle) or coffee can with a secure cap. You need to tape the bottle cap securely to the container so access is restricted.
- Medications to be turned in can **only** be **prescription medications** and can include pet medications (**prescribed**).
- Medications can be turned in to by appointment to any police officer.

If you have any questions, please do not hesitate to call the Town Hall at the number listed above.

Thank you,

Patricia J. Nelson
Chief of Police
