PUBLIC COMMENT: NONE

PARKING IN FRONT OF TOWN HALL: A discussion ensued regarding the safety issues in relation to the parking on the Main Road in front of the Town Hall. It cuts off a lane of traffic and vehicles don't always give in to the right of way vehicle. William Roche stated he has had very close calls and it's a matter of time before there is a bad accident. He further stated pulling out from behind the Town Hall on the South side exit, there is a pine tree that blocks view of cars turning onto Jerusalem Road and cars coming around that corner have nearly crashed into each other. William Roche's idea for safety reasons is to move the monument between the Town Hall and Library and the bushes and make 6-9' parking spots and place the monument on the other side of the post office where the pine tree was. A Notice of Intent would be needed and the Board will speak to the Historical Commission about this idea. A budget would have to be in place for this project to move forward.

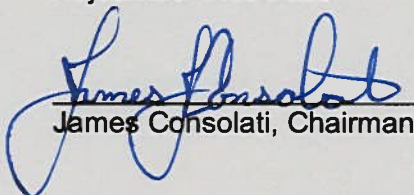

Monterey Road Bridge Replacement: Michael Curtin made a motion to hire Rich Vinette to execute a title search (McIntosh and Slater property on Monterey Road) at the rate of \$200.00 per hour to satisfy State requirements for this project. Jim Consolati, seconded, no opposition.

RE-ORGANIZATION OF THE BOARD: Matthew Puntin made a motion to appoint James Consolati as Chairman of the Board and Michael Curtin seconded. No opposition.

- The Annual Town Meeting Warrants were signed.
- The Mowing Contract for the Cemetery was signed.
- The Cold in Place and Paving contracts for Monterey Road were signed.
- It was unanimously approved to apply millings on the existing 10' right of way to the town pool.
